Current Project

Unified Theistic Naturalism (UTN)

Founder and Author

- Creator of *Unified Theistic Naturalism: Bridging Spirituality, Science, and the Universe — A Guide to Discovering Your Personal Paradise and Life's Purpose*.
- Developed a transformative framework integrating spirituality and science into a unified understanding of existence.
- Offers methods for experiencing personal paradise and uncovering one's true purpose through communion with Divine Presence.
- Preparing initial soft publication and knowledge base for broader research and public engagement.

Publications

(Upcoming)

- *Unified Theistic Naturalism: Bridging Spirituality, Science, and the Universe — A Guide to Discovering Your Personal Paradise and Life's Purpose*

(Expected Release: To Be Announced)

Presentations

- Future development of seminars, lectures, and reflective dialogues based on UTN's principles of awareness, interconnectedness, and self-discovery.

Professional Objective

To advance *Unified Theistic Naturalism* as a leading framework for those seeking harmony between spirituality, science, and daily living — guiding individuals to discover their personal Paradise and life's greater purpose.
